Re: Verification of Application of GSS anti-graffiti coatings

TO WHOM IT MAY CONCERN:

My name is Ted Perry. I am a Regional Asset Manager for Walgreens based out of Northern California. I have been asked to provide this verification by GSS Coatings, LLC, the manufacturer of the Graffiti Solutions System or GSS-10 System.

I can verify that the GSS-10 System has been applied to well over 50 Walgreens stores on both exterior and interior applications; that the substrates to be protected have included stone, brick, concrete, stucco, CMU, metal, tile and other substrates; that such applications were made more than ten years ago; that Walgreens has been satisfied that the GSS-10 System has performed as warranted; and that Walgreens continues to specify the application of the GSS-10 System on many of its newly-built and remodeled stores in higher risk areas.

Sincerely,

A handwritten signature in blue ink, appearing to be "TP", is written over the printed name "Ted Perry".
